

SafeGuard SuperSTAR - When You Need More STAR Power

The SafeGuard SuperSTAR is the only restraint engineered with the added safety of car-seat technology, while providing you with more versatility. The SuperSTAR's central adjust allows for an easier one-pull tightening of the restraint system.

Other exclusive benefits include:

- Designed and tested for 25-90 lb pre-school children.
- New, easier to clean covering.
- Longer cam wrap attaches around any school bus seat.
- Seven year service life.
- Flatter base contours provides more comfort.
- Fits (3) SuperSTARs on a standard 39' FMVSS school bus seat.
- Optional chest strap available.
- CAPE Tested.

Exclusive Central Adjust

Special Protection for Special Needs.

SafeGuard STAR Special Needs

STAR Special Needs offers the same protection as the standard STAR, with the extra support accessories to accommodate children with a wide range of special health care needs. The restraint easily adjusts to provide support for children 25 to 105 pounds with torso heights up to 20 inches tall (torso height = seating position base to shoulder).

- Extra support features include an abductor, recline wedge, torso supports, height adjusters and adjustable headrests.
- Wraps around most any size school bus seat.
- Meets or exceeds all applicable federal and Head Start safety standards.

SafeGuard STARs continue to SHINE!

SafeGuard STAR® restraints are trusted by more districts to provide adaptable child safety for school bus transportation. The five-point restraint systems make the proper and safe transportation of preschool, Head Start, and special needs children quick and easy. STAR restraints are intuitive, comfortable, and easy to use, safely securing and adapting to children of a wide range

of sizes and needs. The SafeGuard STAR is CAPE® tested and meets FMVSS 213 and 302.

Our standard STAR add-on restraint system easily adjusts to provide a proper, secure fit for children 25 to 65 lbs., up to 57 inches tall, and over two years of age. Our standard STAR meets the majority of transportation needs.
